

# Boxlight P9 WX36N

BOXLIGHT P9 WX36N

The P9 WX36N LCD projector from Boxlight has 3600 Ansi lumens, a contrast of 15000:1 and a WXGA 1280 x 800 resolution. The manufacturer Boxlight specifies a lamp life of 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 610 cm is possible as the projector has 3600 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 407 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. Even 1080P video signals are no problem for the projector. The model built in 2018 is no longer offered by Boxlight.
