

# Byintek UFO P20

BYINTEK UFO P20

A brief introduction to the Byintek UFO P20. The DLP LED projector has a WVGA 854 x 480 resolution and a contrast of 2500:1. It is an LED projector with 30000 hours of light life, which is over 20.5 years if enjoyed for four hours a day. The projector also offers an integrated media player that can be used to play files directly. Horizontal and vertical keystone correction makes image adjustment childs play. The projector can illuminate images up to 190 cm wide thanks to its 350 Ansi lumens. In room light, however, the image width should ideally be less than 127 cm. Thanks to the built-in 7800mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. The model recognizes screen mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). Another extra is that the projector can be connected to external wireless speakers using the Bluetooth function. Playing 1080P and 4K (compressed) is also no problem for the projector. At 28 decibels, the projector is very quiet compared to other projectors.

## Brief Introduction Beta 2.5

### Display Type

 1 x 0,3" DMD DLP Chip  
WVGA 16/9 Ti Digital Light Processing Chip

### Ansi-Lumen

Projector 350 Screen 156 Lux (bei 200 cm Screen)

### Contrast

2500:1 full on/off 2500:1 full on/off

### Black Level

0,1400 min. Lumen 0,062 min. Lumen
