

Caiwei A9T

CAIWEI A9T

The A9T LED LCD has 1200 Ansi lumens, a contrast of 16000:1 and an HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 50,000 hours, which is 34.2 years if enjoyed for four hours a day. Including an integrated media player with which files can be played directly. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. The projector can illuminate a picture width of 352 cm well. If room light is available, however, the picture width should ideally not exceed 235 cm. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. Furthermore, the projector can play 1080P and 4K (compressed) without any problems.

Brief Introduction Beta 2.5

Display Type

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

1200
