The standard portable XJ-F11X laser DLP projector from Casio has 3300 Ansi lumens, a contrast of 20000:1 and an XGA 1024 x 768 resolution. The manufacturer Casio specifies a service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. The projector is equipped with a microphone jack plug and 16W speakers, so no additional speakers are required for presentations or training courses. An image width of up to 500 cm is possible as the projector has 3300 Ansi lumens. However, if room light is available, the image should be max. 333 cm wide. It is also Full HD 1080P compatible. This model is no longer offered by Casio.
