

# Casio XJ-F200WN

CASIO XJ-F200WN

## Brief Introduction

Beta 2.5

A brief introduction to the XJ-F200WN: The Casio standard portable laser DLP projector offers 3000 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. The lifespan of the laser is 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The projector also offers an integrated media player that can be used to play files directly. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. The projector can illuminate a picture width of up to 556 cm thanks to its 3000 Ansi lumens. In room lighting, however, the image width should ideally be less than 371 cm. This model is no longer offered by Casio.

## Display Type
