

Casio XJ M240

CASIO XJ M240

The standard portable XJ M240 3D laser DLP projector from Casio has 2500 Ansi lumens, a contrast of 1800:1 and a WXGA 1280 x 800 resolution. Due to the laser, the projector is specified with 20000 hours of light life, which is over 13.7 years if enjoyed for four hours a day. A picture width of up to 508 cm is possible. However, the picture should be smaller in room light. We recommend max. 339 cm. Even 1080P video signals are no problem for the projector. The model built in 2011 is no longer offered by Casio.
