

Casio XJ SC210

CASIO XJ SC210

Brief Introduction

Beta 2.5

With the XJ SC210, manufacturer Casio offers a DLP projector with XGA 1024 x 768 resolution and a contrast of 1800:1. The projector will be able to illuminate a screen width of 435 cm well. However, if room light is available, the picture width should ideally not exceed 290 cm. The model built in 2008 is no longer offered by Casio. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.
