

Christie D12WU-H

CHRISTIE D12WU-H

With the D12WU-H, manufacturer Christie offers a DLP projector with WUXGA 1920 x 1200 resolution and a contrast of 1200:1 Full On/Off. The built-in lens shift function provides freedom when setting up. The projector can illuminate a screen width of up to 1066 cm thanks to its 11000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, max. 711 cm is recommended. Video signals 1080P and 3D are also no problem for the projector, and it even has the option of projecting HD 1080P Blu-rays onto the ceiling thanks to 360° projection. The model built in 2015 is no longer offered by Christie.
