

Christie CP2208-LP

CHRISTIE CP2208-LP

A brief introduction to the CP2208-LP: The Christie laser DLP projector offers 11000 Ansi lumens, a contrast of 1700:1 and HD2K 2048 x 1080 resolution. The manufacturer specifies a laser service life of 30,000 hours, which is over 20.5 years with a daily viewing time of 4 hours. Thanks to the brightness of 11000 Ansi lumens, a picture width of 913 cm is possible. The projector will also create slightly brighter rooms with a smaller image width (we recommend max. 609 cm). On the market since 2017, the model is no longer offered by the manufacturer Christie, but is still very popular in our projector database.
