

Christie DS+750

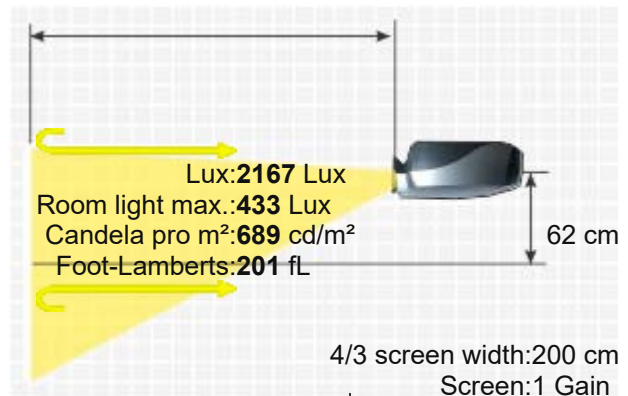

CHRISTIE DS+750

The stationary DS+750 BrilliantColor DLP projector from Christie has 6500 Ansi lumens, a contrast of 7500:1 and an SXGA+ 1400 x 1050 resolution. The integrated lens shift gives freedom when positioning the projector. An image width of up to 702 cm is possible as the projector has 6500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 468 cm. If the image is still too small, the integrated edge blending software can help to project a larger image with additional projectors. Playing 1080P is also no problem for the projector, which can even project Blu-rays onto the ceiling thanks to 360° projection. The projector was launched in 2009 and is no longer sold by the manufacturer.

1 x 0,95" DLP Chip
SXGA 4/3 Ti Digital Light Processing Chip

Projector 6500
Contrast 7500:1
Black Level 0,8667 min. Lumen
