

Christie DWU635-GS

CHRISTIE DWU635-GS

Brief introduction to the Christie DWU635-GS. This stationary DLP laser projector features a WUXGA 1920 x 1200 resolution and a contrast ratio of 4,000,000:1. It is a laser projector with a 20,000-hour lamp life, which translates to over 13.7 years at 4 hours per day. It includes a lens shift function, which provides flexibility during installation. Thanks to its brightness of 6,000 ANSI lumens, an image width of 787 cm is possible. The projector can also handle slightly brighter rooms with a narrower image width (we recommend a maximum of 525 cm). Furthermore, the projector can play 1080p and 3D content without any issues. On the market since 2018, this model is no longer offered by the manufacturer Christie.

1 x 0,67" DLP Chip
WUXGA 16/9 Ti Digital Light Processing Chip

Projector 6000
Contrast 4000000:1 full on/off
Black Level 0,0015 min. Lumen
