

Christie LW502

CHRISTIE LW502

A brief introduction to the Christie LW502. The stationary LCD projector has a WXGA 1280 x 800 resolution and a contrast of 5000:1. The lamp life is specified by the manufacturer as 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. 5000 Ansi lumens ensure that a picture width of 718 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. If the image is still too small, the integrated edge blending software can help to project a larger image with additional projectors. It is also Full HD 1080P compatible. It was launched in 2016 and is no longer offered by the manufacturer Christie.
