

Christie M 4K+25 RGB

CHRISTIE M 4K+25 RGB

Top

A brief introduction to the M 4K+25 RGB: The Christie E-Cinema 3D laser DLP projector offers 22500 Ansi lumens, a contrast of 2500:1 and a UHD (4K2K+) 3840 x 2400 resolution. The manufacturer specifies a laser service life of 25000 hours, which converts to over 17.1 years at 4 hours per day. With the lens shift function, the projector can be positioned very freely. An image width of up to 1306 cm is possible as the projector has 22500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 871 cm. Video signals 1080P and 4K as well as 3D are also no problem for the projector, meaning that all Blu-ray formats currently on offer can be recognized by the projector.
