

CineVersum BlackWing Four MK 2010

CINEVERSUM BLACKWING FOUR

Manufacturer CineVersum offers the BlackWing Four MK 2010, a DILA projector with HDTV 1920 x 1080 resolution and a contrast of 70000:1. The projector also offers a lens shift function that makes setting up the image childs play. The projector can illuminate an image width of up to 305 cm thanks to its 900 Ansi lumens. In room lighting, however, the picture width should ideally be less than 203 cm. 1080P playback is also no problem for the projector. At 19 decibels, the projector is very quiet compared to other projectors. The model built in 2010 is no longer offered by CineVersum.
