

CineVersum BlackWing Three MK2015

BLACK WING 3D

Brief Introduction

Beta 2.5

The CineVersum BlackWing Three MK2015 3D DILA projector has 1300 Ansi lumens, a contrast of 150000:1 and a UHD (4K2K) 3840 x 2160 resolution. The lamp life is specified by the manufacturer as 4000 hours, which is over 5.5 years if enjoyed for two hours every day. The projector also offers a lens shift function that makes image adjustment childs play. The projector can illuminate a picture width of up to 366 cm thanks to its 1300 Ansi lumens. In room lighting, however, the picture width should ideally be less than 244 cm. Video signals 1080P and 4K as well as 3D are also no problem for the projector, which means that all Blu-ray formats currently available can be recognized by the projector. The operating noise of just 20 decibels makes the projection quiet. This model is no longer offered by CineVersum.
