

Cool Sources CS PJ13

COOL SOURCES CS PJ13

Brief Introduction

Beta 2.5

The CS PJ13 LED has 104 Ansi lumens, a contrast of 600:1 and an SVGA 800 x 600 resolution. The manufacturer specifies an LED service life of 30,000 hours, which would be over 20.5 years with a daily viewing time of 4 hours. As Cool Sources specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. The projector can illuminate a picture width of up to 89 cm well thanks to the 104 Ansi lumens. In room lighting, however, the picture width should ideally be less than 59 cm. The projector was launched in 2010 and is no longer sold by the manufacturer.

Display Type

Ansi-Lumen Contrast Black Level Offset

104 120 Lumen
600:1 full on/off
0,1733 min. Lumen

35 Lux (bei 200 cm Screen)
600:1 full on/off
0,059 min. Lumen

Resolution Video Modes

SVGA 800 x 600
