

DANCIEYA HY300 Pro

DANCIEYA HY300 PRO

A brief introduction to the HY300 Pro: The DANCIEYA portable LED LCD projector offers 300 ANSI lumens, a contrast of 1500:1 and HDTV 1920 x 1080 resolution. The manufacturer states that the LED has a lifespan of 30,000 hours, which would be over 20.5 years with 4 hours of viewing per day. The integrated media player can play files directly. A built-in horizontal and vertical keystone correction provides freedom when setting up the projector. The projector can illuminate up to 176 cm of image width well with its 300 ANSI lumens. However, in room light, the image width should ideally be less than 117 cm. Since the projector recognises Airplay, Miracast Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra to be mentioned is that the projector can be connected to external wireless speakers via Bluetooth. Furthermore, the projector can play 1080P and 4K (compressed) without any problems. At just 25 decibels, the model is already very quiet compared to others.

Brief Introduction Beta 2.5

Display Type

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display
