

Davis Litebeam

Brief Introduction

Beta 2.5

The Litebeam DLP home theater has 450 Ansi lumens, a contrast of 450:1 and an SVGA 800 x 600 resolution. The projector will be able to illuminate a picture width of 185 cm well. However, if room light is available, the image width should ideally not exceed 123 cm. This model is no longer offered by Davis. Unfortunately, we can no longer offer replacement lamps for this model, neither originals nor replicas.
