

Dell 1450

DELL 1450

Brief Introduction

Beta 2.5

The Dell model 1450 is a DLP projector with XGA 1024 x 768 resolution and a contrast of 2200:1. The lamp is specified with a lamp life of 5000 hours, which is over 6.8 years with a daily viewing time of 2 hours. A picture width of up to 477 cm is possible. However, the picture should be smaller in room light. We recommend a maximum of 318 cm. Playing 1080P is also no problem for the projector. The model built in 2015 is no longer offered by Dell.
