

Dell S520

DELL S520

The Whiteboard S520 DLP projector from Dell has 3100 Ansi lumens, a contrast of 8000:1 and a WXGA 1280 x 800 resolution. The integrated media player allows files to be played directly. The model offers a microphone jack plug and 10W speakers, so no additional audio devices are required for presentations or training courses. The projector will be able to illuminate a screen width of 566 cm well. However, if room light is available, the picture width should ideally not exceed 377 cm. The projector also offers a whiteboard function that makes training and presentation rooms interactive. Playing 1080P is also no problem for the projector. The model built in 2014 is no longer offered by Dell, but is still very popular in our projector database.

1 x 0,65" DC3 S540 DLP Chip
WXGA 16/10 Ti Digital Light Processing Chip

Projector	3100	Screen	1240 Lux (bei 200 cm Screen)
