The DESS C5 Enterprise LED LCD projector has 2500 ANSI lumens, a contrast ratio of 35000:1 and HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which is equivalent to over 20.5 years at 4 hours per day. An image width of up to 508 cm is possible. However, the image should be smaller in room lighting. We recommend a maximum of 339 cm. Google TV turns the projector into a versatile media hub that can be seamlessly integrated into a smart home. The projector has Airplay and Miracast screen mirroring support, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs with Android, Windows, or iOS via Wi-Fi. In addition, Bluetooth connectivity is a useful addition to the projector, especially for wireless audio transmission. The projector can also play 1080P and 4K (compressed) content with ease.
