

Digital Projection TITAN WUXGA 660 Ultra Contrast alt

Brief Introduction

Beta 2.5

A brief introduction to the TITAN WUXGA 660 Ultra Contrast old: The Digital Projection stationary 3D DLP projector offers 6000 Ansi-Lumen, a contrast of 5000:1 and a WUXGA 1920 x 1200 resolution. Including a lens shift function, which provides freedom during installation. An image width of up to 787 cm is possible as the projector has 6000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 525 cm. Playing 1080P and 3D is also no problem for the projector. This model is no longer offered by Digital Projection, but is still very popular in our projector database.

Display Type

 3 x 0,95" 12 Grad DLP Chip
WUXGA 16/9 Ti Digital Light Processing Chip
