

Digital Projection TITAN WUXGA Dual 3D

Brief Introduction

Beta 2.5

The TITAN WUXGA Dual 3D DLP projector from Digital Projection has 10000 Ansi lumens, a contrast of 2000:1 and a WUXGA 1920 x 1200 resolution. 10000 Ansi lumens ensure that a picture width of 1016 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 677 cm. Playing 1080P and 3D is also no problem for the projector. It was launched in 2010 and is no longer offered by the manufacturer Digital Projection, but is still one of the most popular projectors.

Display Type

3 x 12 Grad DLP Chip

WUXGA 16/9 Ti Digital Light Processing Chip

Ansi-Lumen
