

DreamVision SIGLOS+ 3

DREAMVISION SIGLOS+ 3

A brief introduction to the SIGLOS+ 3: The DreamVision high-end home cinema 3D LCOS projector offers 1900 Ansi lumens, a contrast of 150000:1 and a UHD (4K2K) 3840 x 2160 resolution. Manufacturer DreamVision specifies the lamp life as 4500 hours, which converts to over 6.2 years at 2 hours per day. The projector also offers a lens shift function that makes image adjustment child's play. The projector can illuminate a picture width of up to 443 cm thanks to its 1900 Ansi lumens. In room lighting, however, the picture width should ideally be less than 295 cm. Video signals 1080P and 4K as well as 3D are also no problem for the projector, meaning that all Blu-ray formats currently available can be recognized by the projector. The operating noise of just 19 decibels makes the projection quiet. The model built in 2016 is no longer offered by DreamVision.

Brief Introduction Beta 2.5
