

# Dukane ImagePro 6645

DUKANE IMAGEPRO 6645

The standard portable ImagePro 6645 LCD projector from Dukane has 4500 Ansi lumens, a contrast of 4000:1 and an XGA 1024 x 768 resolution. The manufacturer specifies a lamp life of 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. The projector also offers an integrated media player that can be used to play files directly. The integrated lens shift gives you freedom when positioning the projector. An image width of up to 584 cm is possible as the projector has 4500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 389 cm. Playing 1080P is also no problem for the projector. The model built in 2014 is no longer offered by Dukane.
