

Dukane ImagePro 6652WL

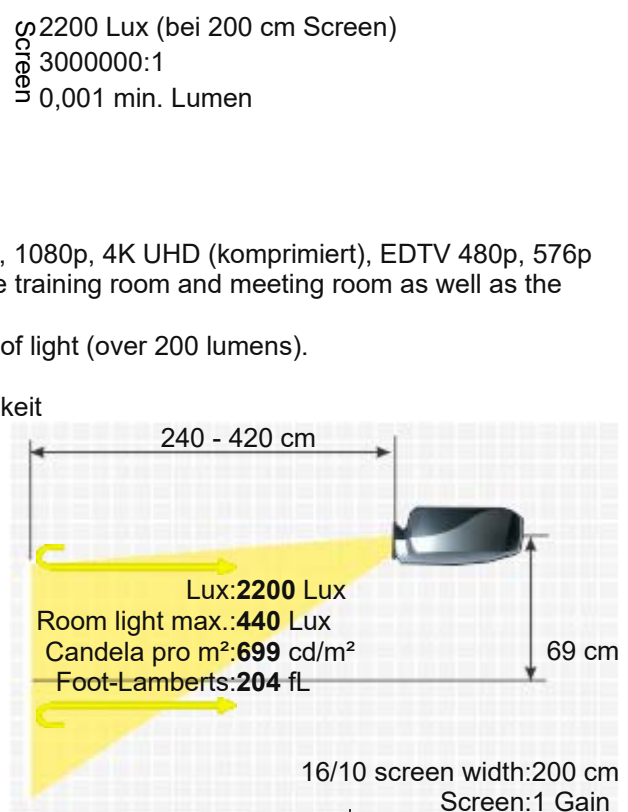

DUKANE IMAGEPRO 6652WL

A brief introduction to the Dukane ImagePro 6652WL. The stationary LCD laser projector has a WXGA 1280 x 800 resolution and a contrast of 3000000:1. The manufacturer Dukane specifies a service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. The integrated lens shift gives you freedom when positioning the projector. 753 cm image width, the projector will be able to illuminate well. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 502 cm here. Video signals 1080P and 4K (compressed) are also no problem for the projector. Even projection onto the ceiling is possible thanks to the 360° projection.
