

Dukane ImagePro 6670UL

DUKANE IMAGEPRO 6670UL

A brief introduction to the Dukane ImagePro 6670UL. This LCD laser projector has a WUXGA resolution of 1920 x 1200 and a dynamic contrast ratio of 3,000,000:1. The manufacturer specifies a laser lifespan of 20,000 hours, which equates to over 13.7 years at 4 hours? use per day. The built-in lens shift and keystone correction functions offer flexibility when adjusting the projection. An image width of up to 744 cm is possible; if the image width is smaller (we recommend a maximum of 496 cm), even rooms with ambient light are no problem. The model is also compatible with Full HD 1080p and 4K (compressed), and can therefore project Blu-rays onto the ceiling itself thanks to its 360° projection.
