

Dukane ImagePro 8928A

A brief introduction to the Dukane ImagePro 8928A. The standard portable LCD projector has an XGA 1024 x 768 resolution and a contrast of 4000:1. The lamp life is specified by the manufacturer as 5000 hours, which is over 6.8 years with a daily viewing time of 2 hours. The model offers a microphone jack plug and 16W speakers, so no additional audio devices are required for presentations or training courses. A screen width of up to 453 cm is possible. However, the image should be smaller in room lighting. We recommend max. 302 cm. The model is also Full HD 1080P compatible. The model built in 2013 is no longer offered by Dukane.
