

Dukane ImagePro 8931WA

The ImagePro 8931WA LCD has 3000 Ansi lumens, a contrast of 4000:1 and a WXGA 1280 x 800 resolution. The manufacturer Dukane specifies a lamp life of 5000 hours, which converts to over 6.8 years at 2 hours per day. The model offers a microphone jack plug and 16W speakers, so no additional audio devices are required for presentations or training courses. A screen width of up to 556 cm is possible. However, the image should be smaller in room lighting. We recommend a maximum of 371 cm. Playing 1080P is also no problem for the projector. On the market since 2013, the model is no longer offered by the manufacturer Dukane.
