

Dukane ImagePro 8950WUSS

EAN/UPC:605194006885

The Dukane ImagePro 8950WUSS laser LCD projector has 5000 Ansi lumens, a contrast of 500000:1 and a WUXGA 1920 x 1200 resolution. The manufacturer specifies a laser service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. Thanks to the brightness of 5000 Ansi lumens, a picture width of 718 cm is possible. The projector can also handle slightly brighter rooms with a smaller picture width (we recommend max. 479 cm). With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. Playing 1080P is also no problem for the projector, and it even has the option of projecting HD 1080P Blu-rays onto the ceiling thanks to 360° projection. On the market since 2018, the model is no longer offered by the manufacturer Dukane.
