

Dukane ImagePro 9017

DUKANE IMAGEPRO 9017

Brief Introduction

Beta 2.5

A brief introduction to the Dukane ImagePro 9017. The standard portable DILA projector has an SXGA+ 1400 x 1050 resolution and a contrast of 800:1. Horizontal and vertical keystone correction makes setting up the image childs play. An image width of up to 337 cm is possible as the projector has 1500 Ansi lumens. However, if room light is available, the image should be a maximum of 225 cm wide. Playing 1080P is also no problem for the projector. It was launched in 2003 and is no longer offered by the manufacturer Dukane.

3 x 0,7" D-ILA Chip

SXGA 4/3 Direct-Drive Image Light Amplification (D-ILA)
