

Eeenfy Ares A2

E E E E N F Y A R E S A 2

Brief Introduction

Beta 2.5

Brief overview of the Eeenfy Ares A2. This standard portable LCD LED projector features an HDTV resolution of 1920 x 1080 and a contrast ratio of 3000:1. The manufacturer specifies an LED lifespan of 30,000 hours, which would equate to over 20.5 years at 4 hours per day. Thanks to horizontal and vertical keystone correction, the projector can be set up with great flexibility. An image width of up to 321 cm is possible. However, in bright room conditions, the image should be set to a smaller size. We recommend a maximum of 214 cm. The model supports DLNA, AirPlay, Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly over Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). In addition, thanks to its Bluetooth functionality, the projector can be easily paired with other speakers. The model is also compatible with Full HD 1080p and 4K (compressed).
