

Eiki EK-305U

EIKI EK-305U

The Eiki EK-305U LCD projector has 5000 Ansi-Lumen, a contrast of 8000:1 and a WUXGA 1920 x 1200 resolution. With the lens shift function, the projector can be positioned very freely. Thanks to the brightness of 5000 Ansi lumens, a picture width of 718 cm is possible. The projector can also handle slightly brighter rooms with a smaller image width (we recommend max. 479 cm). A smartphone with an MHL connection can be connected directly to the MHL/ HDMI port for 1080p / 60 Hz screen mirroring. It is also Full HD 1080P compatible. On the market since 2016, the model is no longer offered by the manufacturer Eiki.
