

Eiki EK-50LU

EIKI EK-50LU

The EK-50LU 3D laser LCD projector from Eiki has 5000 Ansi lumens, a contrast of 5000000:1 and a WUXGA 1920 x 1200 resolution. The laser gives it a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. Horizontal and vertical keystone correction makes setting up the picture childs play. As it is a short-throw projector, the projector can be positioned very close to the wall. For a 2 m wide image, the projector needs to be just 96 cm away from the screen. Furthermore, it is Full HD 1080P and 4K (compressed) as well as 3D compatible, meaning that all currently available Blu-ray formats can be recognized by the projector.
