

Eiki LC XIP2600

EIKI LC XIP2600

A brief introduction to the Eiki LC XIP2600. The LCD projector has an XGA 1024 x 768 resolution and a contrast of 500:1. The projector can illuminate images up to 444 cm wide thanks to its 2600 Ansi lumens. In room light, however, the image width should ideally be less than 296 cm. The projector offers an interactive whiteboard function for interactive training courses and presentations. Playing 1080P is also no problem for the projector. This model is no longer offered by Eiki, but is still very popular in our projector database.

Brief Introduction

Beta 2.5

Display Type

3 x 0,63" LCD TFT Panel
XGA 4/3 Liquid Crystal Display
