

Eiki LC XNB4000N

EIKI LC XNB4000N

Brief Introduction

Beta 2.5

The standard portable LC XNB4000N LCD has 4000 Ansi lumens, a contrast of 2000:1 and an XGA 1024 x 768 resolution. An image width of up to 551 cm is possible as the projector has 4000 Ansi lumens. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 367 cm. Playing 1080P is also no problem for the projector. On the market since 2013, the model is no longer offered by the manufacturer Eiki.
