

ELEPHAS W13

ELEPHAS W13

With the W13, manufacturer ELEPHAS offers a game-portable LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 3500:1. The service life of the LEDs is 50000 hours, which is over 34.2 years with a daily viewing time of 4 hours. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The horizontal and vertical keystone correction provides leeway when setting up. The projector will be able to illuminate the 176 cm picture width well. However, if room light is available, the picture width should ideally not exceed 117 cm. The projector has Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. The model is also Full HD 1080P and 4K (compressed) compatible. The operating noise of just 29 decibels makes the projection quiet.

Brief Introduction

Beta 2.5

Display Type

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display
