

Elmo EDP X900

ELMO EDP X900

The Elmo EDP X900 stationary LCD projector has 4500 Ansi lumens, a contrast of 800:1 and an XGA 1024 x 768 resolution. The integrated lens shift provides freedom when positioning the projector. An image width of up to 584 cm is possible as the projector has 4500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 389 cm. The projector was launched in 2004 and is no longer sold by the manufacturer. Unfortunately, we can no longer offer replacement lamps for this model, neither originals nor replicas.
