The eLux LX300 LCD projector has 3000 Ansi lumens, a contrast of 500:1 and an XGA 1024 x 768 resolution. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. The projector will be able to illuminate a picture width of 477 cm well. However, if room light is available, the picture width should ideally not exceed 318 cm. This model is no longer available from eLux.
