The standard portable Excelvan Led-96+ LED LCD projector has 180 Ansi lumens, a contrast of 2000:1 and a WXGA 1280 x 800 resolution. The manufacturer Excelvan specifies a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. As Excelvan specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. Due to the brightness of 180 Ansi lumens, a picture width of 136 cm is possible. In room light, the picture should be max. 91 cm wide. Playing 1080P is also no problem for the projector. Even projection onto the ceiling is possible thanks to the 360° projection. This model is no longer offered by Excelvan, but is still a very popular projector.
