

Epson EB-1980WU

EPSON EB-1980WU

The Epson model EB-1980WU is an LCD projector with WUXGA 1920 x 1200 resolution and a contrast of 10000:1. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. 4400 Ansi lumens ensure that a picture width of 674 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 449 cm. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. On the market since 2014, the model is no longer offered by the manufacturer Epson.

 3 x 0,76" LCD TFT Panel
WUXGA 16/9 Liquid Crystal Display

Projector	4400 / 3400 im Eco Mode	Screen	1956 Lux (bei 200 cm Screen)
