

# Epson EB-2255U

The standard portable EB-2255U LCD projector from Epson has 5000 Ansi lumens, a contrast of 15000:1 and a WUXGA 1920 x 1200 resolution. The lamp life is up to 10000 hours, which converts to over 13.7 years at 2 hours per day. The integrated media player can play files directly. The horizontal and vertical keystone correction allows the projector to be positioned very freely. Thanks to the brightness of 5000 Ansi lumens, a picture width of 718 cm is possible. The projector can also handle slightly brighter rooms with a narrower image width (we recommend a maximum of 479 cm). As the projector recognizes Miracast screen mirroring signals, it is possible to play videos with high resolution and surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS). Even 1080P playback is no problem for the projector. On the market since 2017, the model is no longer offered by the manufacturer Epson, but is still a popular projector in our database.

 3 x 0,76" D10 LCD TFT Panel
