

# Epson EB 965H

EPSON EB 965H

The Epson model EB 965H is an LCD projector with XGA 1024 x 768 resolution and a contrast of 10000:1. The lamp of the projector is specified with a lamp life of 10000 hours, which is over 13.7 years if enjoyed for two hours a day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. The projector is equipped with a microphone jack plug and 16W speakers, so no additional speakers are required for presentations or training courses. The projector can illuminate an image width of up to 493 cm thanks to its 3200 Ansi lumens. In room light, however, the picture width should ideally be less than 329 cm. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. It was launched on the market in 2015 and is no longer offered by the manufacturer Epson.
