

Epson EB-992F

EPSON EB-992F

The Epson model EB-992F is an LCD projector with HDTV 1920 x 1080 resolution and a contrast of 16000:1. The manufacturer Epson specifies a lamp life of 17000 hours, which is over 23.3 years with a daily viewing time of 2 hours. The integrated media player allows files to be played directly. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. The model offers a microphone jack plug and 16W speakers, so no additional audio devices are required for presentations or training courses. The projector can illuminate images up to 643 cm wide thanks to its 4000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. As the projector recognizes Miracast screen mirroring signals, it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). The model is also Full HD 1080P compatible.
