

Epson EB-FH54

EPSON EB-FH54

The EB-FH54 at a glance: The Epson standard portable LCD projector offers 4100 ANSI lumens, a contrast ratio of 16000:1 and HDTV 1920 x 1080 resolution. The projector's lamp has a rated lamp life of 12,000 hours, which would be over 16.4 years if viewed for 2 hours a day. It includes an integrated media player that allows files to be played directly. A built-in horizontal and vertical keystone correction provides freedom when setting up the projector. An image width of up to 651 cm is possible thanks to the projector's 4100 ANSI lumens. The projector can handle rooms with residual light with a smaller image width; we would recommend a maximum of 434 cm. The projector supports Miracast screen mirroring, which allows you to play high-resolution videos with surround sound from smartphones, tablets, and PCs running Android, Windows, or iOS directly via Wi-Fi. The projector can also play 1080P without any problems.

3 x 0,62" LCD TFT Panel
HDTV 16/9 Liquid Crystal Display
