

Epson EB-L200SX

EPSON EB-L200SX

The Epson model EB-L200SX is an LCD laser projector with XGA 1024 x 768 resolution and a contrast of 25000000:1. The manufacturer Epson specifies a service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. Includes an integrated media player, which can be used to play files directly. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. With a projection ratio of just 0.55:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 110 cm away from the screen. The projector has Miracast screen mirroring support, which makes it possible to play videos in high resolution and surround sound directly from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. The projector can also play 1080P and 4K (compressed) without any problems.

Brief Introduction

Beta 2.5

Display Type

3 x 0,55" LCD Panel mit C2 Fine
XGA 4/3 Liquid Crystal Display
