

# Epson EB-L500W

EPSON EB-L500W

A brief introduction to the Epson EB-L500W. The stationary LCD laser projector has a WXGA 1280 x 800 resolution and a contrast of 2500000:1. The service life of the laser is 20000 hours, which is over 13.7 years if enjoyed for four hours a day. Including an integrated media player that allows files to be played directly. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. 5000 Ansi lumens ensure that a picture width of 718 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. Furthermore, the projector can play 1080P without any problems and even has the option of projecting HD 1080P Blu-rays onto the ceiling using 360° projection. It was launched in 2018 and is no longer offered by the manufacturer Epson.
