

Epson EB-L510U

EPSON EB-L510U

The EB-L510U laser LCD projector from Epson has 5000 Ansi lumens, a contrast of 2500000:1 and a WUXGA 1920 x 1200 resolution. The manufacturer specifies a laser service life of 20000 hours, which converts to over 13.7 years at 4 hours per day. The integrated media player can play files directly. With the lens shift function, the projector can be positioned very freely. The projector can illuminate images up to 718 cm wide thanks to its 5000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. Playing 1080P is also no problem for the projector, and it even has the option of projecting HD 1080P Blu-rays onto the ceiling thanks to 360° projection. On the market since 2018, the model is no longer offered by the manufacturer Epson.
