

Epson EB-PU1007 W/B

EPSON EB-PU1007 W/B

Top 10

The stationary EB-PU1007 W/B laser LCD projector from Epson has 7000 Ansi lumens, a contrast of 2500000:1 and a resolution. The manufacturer Epson specifies a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The integrated lens shift gives freedom when positioning the projector. An image width of up to 850 cm is possible as the projector has 7000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 567 cm. If the image width is not sufficient, the projector offers integrated edge blending software, which allows several projectors to project a large image together. Furthermore, the projector can play 1080P and 4K (compressed) without any problems.

 3 x 0,76" LCD TFT Panel
WUXGA 16/9 Liquid Crystal Display

Projector 7000 / 4900 im Eco Mode
Screen 3111 Lux (bei 200 cm Screen)
