

Epson EB-S100

EPSON EB-S100

The standard portable EB-S100 LCD has 2600 Ansi lumens, a contrast of 3000:1 and an SVGA 800 x 600 resolution. The manufacturer Epson specifies a lamp life of 4000 hours, which is over 5.5 years if enjoyed for two hours a day. The integrated media player allows files to be played directly. The projector can illuminate a picture width of up to 444 cm thanks to its 2600 Ansi lumens. In room lighting, however, the picture width should ideally be less than 296 cm. Furthermore, the projector can play 1080P without any problems. The model was built by Epson in 2012 and is no longer current.
